

## **Manchester Aquatics Centre 10<sup>th</sup> /11<sup>th</sup> December 2016**

### **National Para-Swimming Championships 2016**

**Swimmer: Genny Hunter**

**Coach report: Barry Smith**

Arriving at the Manchester Aquatics Centre after a 6hr drive up due to traffic jams, accidents and road works, we met up with Cyndie and Genny at the pool to check out the pool and get a some training in but they closed the pool for cleaning?

Having no expectations as to how Genny would perform due to a bad cold and chest/ nose congestion, injury to her ankle, and swimming up against girls who are 3 years older than her, we thought what will be will be.

Early start for warm-up session 07:30 on Saturday / Sunday.

100FC placed 5<sup>th</sup> with a L/C PB of 3.31 seconds.

100 Breaststroke placed 4<sup>th</sup> with a L/C PB of .98

50 FC came next with a L/C time of 44.30 just outside her PB time.

100 B/C L/C PB of 3.31 seconds.

A disqualification on the 200 IM ?

The last event after two very long days Genny swam the 400 F/C still feeling unwell came out with a fantastic result of a 34.19 second PB

It was with great pride that Genny and I wore our Beachfield SC T shirts on poolside and we were noticed by many of the other clubs who inquired about us.

The announcer ( who did the announcing at the Rio Olympics ) came over and spoke to us about the club and during the races broadcasted Genny's name throughout her events, a fantastic performance from Genny and another result for Beachfield Swimming Squad, Coaches, Teachers and the Committee who seem to get it just right for the club.
