

Coaches Points For Committee

1) Bubbles (see attached)

- Swimmers need to be notified of their bubbles and the pool times. They should be reminded to arrive 10-15 mins before start for a staggered entry.
- Swimmers will wait outside the pool area in their bubble groups until called in.
- Swimmers need to arrive beach ready
- Swimmers need to be notified what beach ready is – essentially clothing that can be easily taken off and put on when wet, no lace-up shoes.
- Swimmers must wear mask to and from pool.
- Swimmers must dunk their kit before and after.
- Swimmers must have all their own kit.
- Swimmers must observe the 2 meter rule around the lifeguards.
- Swimmers must be aware that temperatures will be monitored by the attending covid officer before entry into the pool and that parents should not leave until this has been done.
- Swimmers must be in a position to put on their own cap and goggles unattended unless accompanied by their parent / guardian.
- Any parents / guardians must wear a mask and observe the 2 meter rule.
- Anything else the Covid officer observes.

2) Use of welfare facilities (toilet, change rooms). In general it is preferred by us that changerooms are not used as this complicated things when exiting as a bubble and increases risk of contamination.

3) Preferred Timetable see attached.

5) Points to note.

- Try to get acknowledgement from pool provider to allow for additional pool time to ensure:
 1. Competitive squads get enough pool time to compete against other clubs and can achieve Kent & Regional qualifying times.
 2. There is room for promotions.
 3. Room for masters
- National Junior Arena League
 1. KWSS members
 2. CAT 2
 3. Level X style competition (timekeepers & officials)
 4. Diving Blocks
 5. May require procedure for pool provider for Level X (they probably haven't heard of it)
